

## TRACKS & PRICING

### SYDNEY MOTORSPORT PARK

Sydney's most premier race track located on Brabham Drive, Eastern Creek. The 3.9km Gardiner GP Circuit features a series of high and low speed cambered corners with a straight that will see speeds in excess of 200KPH. Full event package catered for two drivers offering approximately 6x 20min sessions with an estimated 8 laps per session.

**2 Drivers - \$2,750pp** (3x 20 min sessions per driver)

### LUDDENHAM RACEWAY

Luddenham Raceway located in Luddenham features a thrilling and technical 1.4km track with challenging elevation changes and plenty of technical corners with Turns 5 & 6 mirroring the famous Corkscrew at Laguna Seca. Full event package catered for two drivers offering approximately 6x 15min sessions with an estimated 15 laps per session.

**2 Drivers - \$2,650pp** (3x 15min sessions per driver)

### PHEASANT WOOD CIRCUIT

Pheasant Wood Circuit located in Marulan features a series of wide, undulating and banked corners encompassed by typical Australian bushland with several viewing platforms allowing spectators to get up close to the action. Full event package catered for two drivers offering approximately 8x 15min sessions with an estimated 15 laps per session.

**2 Drivers - \$2,750 pp** (4x 15min sessions each)

## RCD CORPORATE EVENT

The RCD Corporate Event caters for 8 clients providing a unique out of office experience at Pheasant Wood Circuit. Each participant will receive a 15 minute session behind the wheel of the RCD Motorsport Lotus Exige followed by a passenger hot lap experience with former factory McLaren GT driver Harry Hayek. An adrenaline filled day that is targeted to get people out of their comfort zone to build stronger internal and external relations to support business growth while having a ton of fun!

**Pricing at \$900pp.**

## The RCD Lotus Exige Arrive N Drive Package

### THE CAR YOU'LL BE DRIVING

*The Lotus Exige is the ultimate drivers car. Engineered for the track, its V6 powerplant produces around 340 horsepower in a chassis that only weighs circa 1100kgs. It's the perfect car to experience the track and one that is best described among the automotive scene as a go-kart on steroids. The manual transmission accelerates from 0-100km in 4 seconds and is sure to get your adrenaline pumping.*
